AUDIT FINDINGS

NARRATIVE

The Lincoln Village Regional Juvenile Detention Center is a hardware secure, 48 bed, housing both male and female detainees, operated under the direction of the Kentucky Department of Juvenile Justice, located in Elizabethtown, Ky. The facility employs 62 full time staff. The nursing staff are State of Kentucky employees. No SANE or SAFE staff are employed at the facility; however, these professionals are provided at Hardin County Memorial Hospital, located in Elizabethtown, KY., where forensic examinations would be conducted.

The juveniles being held in the Lincoln Village Regional Juvenile Detention Center are either awaiting trial or have been sentenced in the Court System already and have been sentenced to a period of time of one year or less. When a youth is sentenced to a year or more, they are admitted into the Kentucky Prison or Federal Prison System. Youth in the Lincoln Village Regional Detention Center are fed three meals a day totaling 2,500 calories, are allowed access to phones to contact family members, are allowed at least one hour a day for exercise, have access to books, bathroom and shower facilities. The youth are allowed mail to be delivered to them as well as newspapers and magazine from trusted outside publishers.

The Lincoln Village Juvenile Detention Center was first accredited by the American Correctional Association in 2008 and successfully achieved re-accreditation status in 2011 and 2014.

This audit was conducted by Certified PREA Auditor G. Peter Zeegers. During the Pre-Audit phase the auditor reviewed a variety of documents provided by the agency and facility. These included policies and procedures, plans, protocols, training records, curricula, and other documents related to demonstrating compliance with PREA Standards. The auditor conducted a Pre-Audit conference call a week prior to the on-site audit to provide agency and facility officials with the current status of the audit process, as well as to expand upon and clarify documents that had been submitted. The auditor did not receive any correspondence or requests from staff or detainees prior to the on-site audit.

The on-site audit was conducted on April 24th, 2015. An entrance meeting was held with the leadership of the facility, including Superintendent 2 Michelle Grady, PREA Compliance Manager Jeffrey Wilson, and PREA Auditor G. Peter Zeegers. Lists of staff and juveniles were provided. Additionally, a proposed schedule for specialized staff interviews was reviewed and approved.

The entrance meeting was followed by a tour of the facility led by Superintendent Grady (described below). All areas were viewed, including the lobby, visitation, master control, private visitation room, courtyard (includes recreation area, gymnasium), intake and screening process area, kitchen and dining areas, medical clinic, and the housing pods. The facility has 69 cameras, none of which are trained on shower and toilet areas or areas where youth change clothing. PREA-related informational posters and the PREA audit notice were observed posted throughout the facility. Additionally, informational pamphlets about PREA and the Sexual Assault Crisis Service were found in virtually every area where staff and youth might be found. These pamphlets and posters are printed in both English and Spanish.

Interviews were conducted with the Agency Head (Commissioner), Statewide PREA Coordinator, Agency Contract Administrator, Facility Superintendent 2 (also responsible for monitoring for retaliation), PREA Compliance Manager, HR Staff, medical staff, intake and screening staff, case management staff, first responder staff, and upper level staff responsible for conducting unannounced rounds. Additionally, eight security staff were randomly selected and interviewed, as well as ten youth from the various housing pods, who were also randomly selected. Youth receive information on PREA and their rights during the intake process. Additionally, after youth are admitted to the facility they are provided additional information about sexual abuse and harassment in both individual and group treatment. Youth who have experienced trauma, abuse, or victimization are provided treatment services, as needed.

On the day of the audit there were 25 youth housed at the facility with the average length of stay at 14 days. Two youth had reported during the intake process previous physical or sexual abuse (which did not occur in this or any other facility). No youth identified themselves as being lesbian, gay, bisexual, transgender, intersex, questioning, or gender nonconforming during the intake process. There was one youth identified as hearing or visually impaired, developmentally delayed, or who had limited English proficiency. There were no PREA related sexual abuse allegations during the previous 12 months. There were (4) sexual harassment allegations, youth on youth, made in the previous 12 months. (3) Were found to be unsubstantiated. (1) Was found to be exonerated. The Ombudsman investigated these four allegations. There were (4) sexual harassment staff on youth allegations made in the previous 12 months. All were found to be exonerated. The IIB, (Internal Investigative Branch), investigated these four allegations.

DESCRIPTION OF FACILITY CHARACTERISTICS SUMMARY OF AUDIT FINDINGS

The building is located at 820 New Glendale Road in Elizabethtown, Ky. The building is spacious, with open hallways, large windows with considerable natural light, and a technologically advanced control center which is manned 24 hours a day. The building is accessed through a spacious visitor sign-in area which is adjacent to the Master Control Center. Just off of the entrance of the building contains the Master Control Center, a large intake processing area, a professional staff interview room, a visiting area, hallways to the cafeteria, a spacious medical area, and an administrative section with staff offices and a conference room. The East and West sides of the building contains housing units, a spacious area for (4) classrooms and school space, a large gymnasium, and office space for the professional staff. The Educational Department is run by the Hardin County School System.

The tour of the facility was conducted by Superintendent Grady and PREA Compliance Manager Wilson. Opened in 2005, the facility is clean, in good repair, and well maintained. The front door is secured from the outside. One must identify one's self and is escorted into the front lobby area. There are 69 cameras attached to a DVR surveil the entire facility. None of the cameras field of view includes the toilet and showers areas. The PREA Audit notice was posted on the bulletin boards in various hallways, as well as copies of the PREA brochure written in both English and Spanish (this is the same brochure given to youth during the intake process). Posters containing both the hotline to the Internal Investigations Branch (IIB), and PREA hotline are prominently posted in the main lobby area and hallways, as well. There are also posters with addresses and phone numbers to the Kentucky Association of Sexual Assault Programs (KASAP).
